

E4 - 5TH GLOBAL CONSULTATION ON PHARMACY EDUCATION

Tuesday 31 August 2010, 09:00 – 12:00

Organised by the FIP Pharmacy Education Taskforce

This session will be an open forum on global issues in Education, with a focus on reviewing the achievements, and the future, of the Pharmacy Education Taskforce. This is the 5th in the annual series of Global Consultations on Pharmacy Education, which form part of the 2008-2010 FIP Pharmacy Education Taskforce Action Plan. The outcomes of the action plan will be reported and participants will be invited to provide input into the future focus on Pharmacy Education within FIP.

Learning objectives:

At the conclusion of this session, the participants will be able to:

- list and explain the work undertaken by the Global Pharmacy Taskforce;
- describe perspectives and experiences towards the future directions FIP will take in the area of Pharmacy Education;
- outline the possible roles participants of this session can undertake in advancing pharmacy education locally, regionally and/or globally.
